

APPLICATION FOR PERMIT

Serial No. 12799

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

Date of first receipt and filing in State Engineer's office JAN 19 1948
Returned to applicant for correction
Corrected application filed

The undersigned The Glenbrook Company

Name of applicant

of Glenbrook, County of Douglas

State of Nevada, hereby make s application for permission to appropriate the public waters of the State of Nevada, as hereinafter stated. (If applicant is a corporation, give date and place of incorporation.) Incorporated in State of Delaware - 1926.

1. The source of the proposed appropriation is Lake Tahoe
- Name of stream, lake, or other source
2. The amount of water applied for is 5,000 gallons per day
- One second-foot equals 40 miners' inches
3. The water to be used for Domestic purposes
- Irrigation, power, mining, manufacturing, domestic, or other use
4. The water is to be diverted from its source at the following point:
Lot 4 of Section 10, T. 14 N., R. 18 E., M.D.B.& M., from which
point the meander corner of sections 10 and 15, T. 14 N., R. 18 E.
bears S. 06° 10' W., 640 feet distant.

IF THE WATER IS TO BE USED FOR IRRIGATION, SUPPLY THE FOLLOWING INFORMATION:

- a) Number of acres to be irrigated is _____
- b) Description of land to be irrigated
- Describe by legal subdivision, or if on unsurveyed land it should
be so stated and a description provided in accordance with special instruction from the State Engineer when application is returned for correction.
- c) Use will begin about _____ and end about _____, of each year.
- Month Month

IF WATER IS TO BE USED FOR POWER, MINING, STOCK WATERING, OR OTHER USE, SUPPLY THE FOLLOWING INFORMATION:

- d) Power to be developed is horsepower.
- e) Place of use portions of Lot 4 of section 10 and Lot 1 of section 15, T. 14 N., R. 18 E. Give location of place of use by legal subdivision
- f) Point of return of water to stream
- Describe in same manner as point of diversion
- g) State number and kinds of animals to be watered
- h) Use will begin about Jan. 1 and end about Dec. 31, of each year.
- Month Month
- i) Remarks The requested diversion of 5,000 gallons per day would be utilized fully during approximately 4 months of the year only, with very moderate use throughout the balance of the year, as the place of use would be summer homes, occupied fully from June through part of September and occasionally during the other months.

DESCRIPTION OF PROPOSED WORKS

Water will be pumped from Lake by means of an electrically driven pump, and State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits. If water is to be stored in reservoirs, it should be so stated and the location of the reservoir should be given with reference to the legal subdivisions where it will be used for household purposes and watering lawns and shrubs.

5. Estimated cost of works \$1,500
6. Estimated time required to construct works 5 years
7. Remarks The water is needed to develop building sites on the lake shore. Present construction prices make development difficult, and the 5 year period is necessary to permit proper development of the land.

The Glenbrook Company, Applicant.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions:

This permit is granted subject to all existing rights on the source. It is understood that in addition to the summer use as herein after designated, the permittee will be entitled to intermittent use during the non-summer season on the basis of not to exceed fifty gallons of water per capita per day. The State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.005 cubic feet per second, and not to exceed 3250 gallons per day between June 1st and September 15th of each year.

Actual construction work shall begin on or before September 26, 1950.

Proof of commencement of work shall be filed before October 26, 1950.

Work must be prosecuted with reasonable diligence and be completed on or before September 26, 1953.

Proof of completion of work shall be filed before October 26, 1953.

Application of water to beneficial use shall be made on or before September 26, 1954. Proof of the application of water to beneficial use must be filed with State Engineer on or before October 26, 1954.

Map Filed FEB 17 1949

WITNESS MY HAND AND SEAL this 26th day

NOV 30 1953

Cancelled because of failure of August 1949.
of applicant to comply with the provisions of permit
